

ECS 253 / MAE 253, Network Theory and Applications

Spring 2016

Problem Set # 4a, Due May 24

A rough draft of your project

See the project write up guidelines on the course web page

1. Abstract
2. Introduction which frames your project and provides an overview of the paper.
3. Literature review, discussing past related work.
4. Your preliminary results. (This can be bullet point format.)
5. Discussion of the next steps to complete the work.
